Anatolii Dolia

Full-stack Magento Developer

+380996789291

doliaanatolii@gmail.com

I am a skilled full-stack developer with 6 years of experience developing ecommerce projects with Magento 2. Having worked across a range of complex projects, I am passionate about building innovative and user-friendly Magento2 solutions. With a deep understanding of the entire development lifecycle, I am equally adept at building applications from scratch as I am at working with existing tools and codebases.

SKILLS

PHP Versions: 7, 8
Debugging and Troubleshooting

REST API / GraphQL
MySQL

Vue
Yarn
Vue Storefront

OOP
Apache2 / NGINX
